SWEET & APÉRITIF WINES

ELECTRA MOSCATO ROSÉ

Electra Moscato Rosé is the latest, exciting new addition to our rapidly growing premium moscato brand, Electra!

This Rosé is a low alcohol, delicately sweet wine refreshingly crisp and mysteriously aromatic. Its lustrous coral pink hue comes from the Black Muscat grape, combined with Orange Muscat and Muscat Canelli, and tastes of strawberries and dragon fruit. Enjoy for brunch or under the sun, with fresh fruit, creamy desserts, and various sweet and savory foods.

To make Electra Moscato Rosé, free run juice is fermented for more than a month at low temperature after which it is chilled, sterile filtered, and bottled. This process preserves its delicate flavors and slight fizz.

Electra Moscato Rosé's sisters, Electra Moscato and Red Electra Moscato, have become international favorites for moscato drinkers around the world. Electra's delicately sweet and playful style is truly unique within the category. Paired with the delightfully crisp flavors and aromas found from rosé, Electra Moscato Rosé is sure to delight moscato drinkers everywhere with the marrying of sweet and pink.

"This sweet and low-alcohol rosé is packed with jammy, candied-fruit flavors like watermelon, strawberry and raspberry that are well concentrated and linger nicely on the finish."

- Jim Gordon, Wine Enthusiast, 2022
