## VERMOUTH

### Vya Whisper Dry Vermouth

*Refreshing, Elegant & Smooth... Ask for it.*

#### History

Andrew Quady introduced the first two Vya Vermouths (Sweet and Extra Dry) in 1999 with the idea that vermouth could be appreciated similarly to the way fine wines are enjoyed—for their aroma, complexity, and balance. Quady is known for making fortified dessert wines in the San Joaquin Valley of California at Quady Winery. His expertise in fortified wines naturally lends itself to making vermouth, which is a fortified, aromatized wine. Vya Whisper Dry Vermouth was introduced in 2012 as a softer, more delicate version of Vya Extra Dry Vermouth to harmonize nicely with more subtle spirits like vodka.

#### Winemaking

The base wine is a clean and light balanced blend made from San Joaquin Valley grapes. Varietals are a variable mix that may include Orange Muscat. The Vya method is to create base wine with balance, viscosity, and very select varietal character, allowing for absolute integration of wine and herbs.

#### Taste

Whisper refers to a mere “whisper of herbs” in wine. Herbs containing bitter components were excluded from the Whisper Dry formula in favor of those with flower and forest like character. A few of these include: linden, elecampane, and needles from a certain fir tree in Maine that contribute a soft evergreen character. Vya Whisper Dry Vermouth is hand infused in small batches at Quady Winery.

Vya Whisper Dry marries wonderfully with either vodka or gin. Reverse martinis are excellent and vodka martinis will smell better with Vya Whisper Dry. Whisper’s delicate presence compliments vodka perfectly, never overpowering or feeling intrusive. Vya Whisper Dry also serves as a simple aperitif - chilled, or on the rocks with a lemon twist.

#### Technical Data

Vintage: Non-Vintage  
Alcohol: 17%  
Residual Sugar: 0.9%  
pH: 3.3  
TA: 5.0

Available 750mL & 375mL
