

RED ELECTRA MOSCATO

This garnet-red variation of Electra Moscato offers a slight spritz bubbling with flavors of cherry, berry and pomegranate. With its perfect balance of sweet and tart, **Red Electra Moscato is Quady Winery's best-selling wine!** Enjoy it chilled or on the rocks, at picnics, parties, brunches and everyday occasions.

Red Electra Moscato is made by combining rare Black Muscat grapes with Orange Muscat and Muscat Canelli, and fermenting very slowly at a low temperature to preserve the sweetness, aromas and delicate flavors. This cold fermentation process creates a light effervescence for a crisp, refreshing experience - just enough to "Electra-fy" your palate.

Red Electra pairs wonderfully with spicy foods, cultural cuisines, barbecue, cheeses, fruits and desserts, including chocolates, cookies, and vanilla ice cream.

It also makes sublime sangria and sorbet. To make sorbet: pour Red Electra into a covered container or freezer bag, freeze overnight, and spoon into chilled glassware.

Grape Varieties: Black Muscat, Orange Muscat, and Muscat Canelli
Alcohol: 5.5%

"This wine is rich, supple and full bodied with aromas of black-cherry cream soda, star anise, vanilla-spiced orange cream and cardamom. Other notes waft through, including strawberry cream soda, strawberry-rhubarb jam, quince paste, pink peppercorn and orange zest. Great choice for a light red wine with lower ABV. Pair with your favorite meals that pack some heat."
